To the Executive Board
AFT Massachusetts
Boston, Massachusetts

We have audited the accompanying statement of expenses and allocation between chargeable expenses and non-chargeable expenses of AFT Massachusetts (a nonprofit organization) for the year ended April 30, 2014, and the related notes to the statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this statement, and the allocated expenses between chargeable and non-chargeable expenses, on the basis of the definitions and significant factors and assumptions described in Notes 2 and 3; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the statement referred to above presents fairly, in all material respects, the expenses of AFT Massachusetts for the year ended April 30, 2014, and the allocated expenses between chargeable and non-chargeable expenses, on the basis of the definitions and significant factors and assumptions described in Notes 2 and 3.

Other Matter

The total expenses reflected in Column A are based on the expenses of the Union for the year ended April 30, 2014. The allocation of expenses between chargeable (column B) and non-chargeable (column C) is based on the definitions and significant factors and assumptions described in Notes 2 and 3.

This report is intended solely for the information and use of AFT Massachusetts and its agency fee payers and is not intended to be and should not be used by anyone other than these specified parties.

CHARGEABLE EXPENSES AND NON-CHARGEABLE EXPENSES
FOR THE YEAR ENDED APRIL 30, 2014

Note 1 - Summary of Significant Accounting Policies

- (a) **Method of Accounting** - The financial statements of AFT Massachusetts are prepared on the accrual method of accounting.
- (b) **Income Taxes** - AFT Massachusetts is a nonprofit organization that is exempt from both federal and state income taxes under Section 501(c)(5) of the Internal Revenue Code, except on net income from unrelated business activities.

Accounting standards provide detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an organization's financial statements. Under these accounting standards, the Union is required to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. Management has evaluated its significant tax positions against the criteria established by these accounting standards and believes there are no such tax positions requiring accounting recognition.

The organization's Form 990, Return of Organization Exempt from Income Tax, for the years ending April 30, 2012, 2013 and 2014, are subject to examination by the IRS, generally for three years after they were filed.

- (c) **Depreciation** - Depreciation is computed using the straight-line method over the estimated useful lives of the assets.
- (d) **Retirement Plan** - AFT Massachusetts contributes a percentage of eligible employees' salaries to a retirement plan. AFT Massachusetts follows the practice of recording as expense its required contribution under such plan in each fiscal year.
- (e) **Basis of Presentation** - The accompanying statement was prepared for the purpose of determining the fair share cost of services rendered by AFT Massachusetts for employees represented by, but not members of, AFT Massachusetts and affiliated local unions. The accompanying statement is not intended to be a complete presentation of the AFT Massachusetts' financial position, changes in its net assets, or cash flows in accordance with accounting principles generally accepted in the United States of America.
- (f) **Use of Estimates in the Preparation of Financial Statements** - The preparation of financial statements requires management to make estimates and assumptions that affect the reported expenses during the reported period and the allocation of expenses between chargeable and non-chargeable. Actual results could differ from those estimates.
- (g) **Accounts Excluded from the Statement** - Salary reimbursements for which funds were directly provided to AFT Massachusetts by the American Federation of Teachers have been excluded from the statement.
- (h) **Evaluation of Subsequent Events**
Management has evaluated subsequent events through August 21, 2014, the date which the financial statements were available to be issued.

Note 2 - Definitions

- (a) **Chargeable Expenses** - Chargeable expenses are those incurred by the organization that reflect the share of the costs of operations of AFT Massachusetts which are considered necessarily and reasonably incurred for the purpose of assisting the AFT Massachusetts and local unions in the performance of their duties as a representative of the employees in dealing with the employer on labor management issues, including the costs of: negotiating and administering the collective bargaining contract; settling grievances and disputes by mutual agreement, or in arbitration, court or otherwise; activities and undertakings normally and reasonably employed to implement the duties of the local union as representative of the employees in the bargaining unit; and the maintenance of AFT Massachusetts' and local unions' associational existence.

The following are examples of expenditures classified as chargeable: preparation for and negotiations of collective bargaining agreements; contract administration including investigation and research in connection with problems of employees; communications with community organizations, civic groups, government agencies and the media regarding the AFT Massachusetts' position on work-related matters; maintaining membership; and providing legal, economical and technical expertise on behalf of employees in all work-related matters.

- (b) **Non-chargeable Expenses** - Non-chargeable expenses are those of an ideological or political nature and those that are not germane to work-related interests of employees. The term "political" is defined as support for or against candidates for political office of any level of government and any office in the union structure. The term "ideological" is defined as support for or against certain positions that the union may take which are not work-related.

The following expenses are classified as non-chargeable: lobbying, electoral or political activities outside the limited context of contract ratification or implementation; and public relations efforts designed to enhance the reputation of the teaching profession.

Note 3- **Significant Factors and Assumptions Used in the Allocation of Expenses Between Chargeable and Non-chargeable**
